

Caution!

CAUTION – VERY IMPORTANT NOTICE

Dear Bus Captain,

Please instruct your Marchers to be very cautious about a couple of extremely important matters.

(1) Please be careful about signing your name to petitions, etc., while at the *March*. The *March for Life Fund* is not sponsoring any petitions, etc. in the MALL or along the line of March. In the past, we have noticed that some people come to the MALL, not to *March for Life*, but to collect signatures for all sorts of things and generally to “work the crowd” for various purposes. They may even be operating under the name of “right to life” and a prolife logo. Be sure to read anything before you sign it; you may or may not agree with the terms of the “petition,” even though it may be entitled “prolife.”

Therefore, it is good to suggest to your Marchers that they refrain from giving names and addresses to unknown persons, and refrain from answering personal questions from people who are, for instance, “with the press” or making a “survey.”

(2) And, there is a second item or caution. There may be people in the crowd at the Rally or at the *March* who have personal or organizational agenda other than trying to save our preborn brothers and sisters. They seem to want to be provocative for a “cause” or for no reason at all. They may even be carrying a sign saying something about, “for life.”

DO NOT, under any circumstances, engage offensive people or signs by any word or action, because these people want to create highly visible disruption with you so they can focus media attention on their wrong agenda and actions. Engaging them or shouting at them will not help babies. Please ignore offenders. Pray for them and enjoy the *March*.

We regret that it is appropriate for us to make these announcements, and we do not want Marchers to feel unduly uncomfortable. Just be careful and mindful, and have a good and productive day with your fellow *Marchers for Life* as we educate Washington Officialdom and America to overturn *Roe v. Wade* – for love of God, Neighbor and Country.

Caution!

Please—
DO NOT LITTER

The *March for Life Fund* is not distributing flyers and other literature at the Rally or on our *March* along Constitution Avenue or at the Capitol or Supreme Court. Nevertheless, some people may be distributing many things, even though we do not authorize the distributions. If you take any of these items, please be sure to carry them with you. **Please do not litter.** Do not drop paper, signs, etc., on the ground. There will be trash cans on the MALL to discard paper and trash. There are public trash cans on the Avenue.

You may not take your signs into the Capitol or House and Senate Office buildings when you go to visit your Members of Congress. There will be trash receptacles where you can discard your signs.

THANK YOU FOR PARTICIPATING IN THE 37TH ANNUAL MARCH FOR LIFE

We here at the *March for Life Fund* in Washington, DC appreciate the work of each Bus Captain to take responsibility of bringing your Neighbors to our Nation’s Capital and ask Washington Officialdom to correct *Roe v. Wade* wrong opinion.

Be sure to arrange a visit with your Representative and Senators before or after the Rally, so you can give them your friendly prolife message about why you have come a long way to Washington on a work-day in cold winter.
